## **DRIVING DIRECTION TO THE EBEN ICE CAVES FROM DOWNTOWN MARQUETTE, MICHIGAN**

**Starting in downtown Marquette, you will be traveling south on US 41 and M 28 approximately five miles to the stop light in Harvey. Stay in the right hand lane and proceed south on US 41 towards Escanaba.**

**Travel south on US 41 approximately twelve miles to M 94. You will make a left hand turn on M 94 and travel east towards Chatham, MI. Continue east on M 94 for approximately 12 miles to the small town of Eben and the junction of M 94 and Eben Road. The New Moon Bar is on your left and Superior Central Schools is on your right.**

**Make a left hand turn at the New Moon Bar and travel north to Frey Road, approximately one and one half miles and make a right hand turn onto Frey Road. Travel approximately one half mile east on Frey Road until you come to a curve. Park anywhere on the curve and lock your car. There are no signs telling you that you are there. Trust Me.**

**You will begin walking east across a big field. The trail is easy to follow in the winter and it is about one mile in. Suggestion is snowshoes or cross country skis for easy travel on the snow. The Caves are fabulous.**

**On the way back, stop at the New Moon Bar for some local flavor and a beverage.**
